YULETIDE PRESENTS.

HINTS FOR YOUNG LADIES WHO MAY BE IN DOUBT.

The Best Presents Are Those You Make Yourself—Some Pretty and Suitable Gifts and How to Construct Them.

Here are suggestions for the making of a few useful articles, one or more of which may serve to complete somebody's list of Christmas presents. All are easily made, and any of them may be used as a gift for a gentleman, which is a very desirable feature.

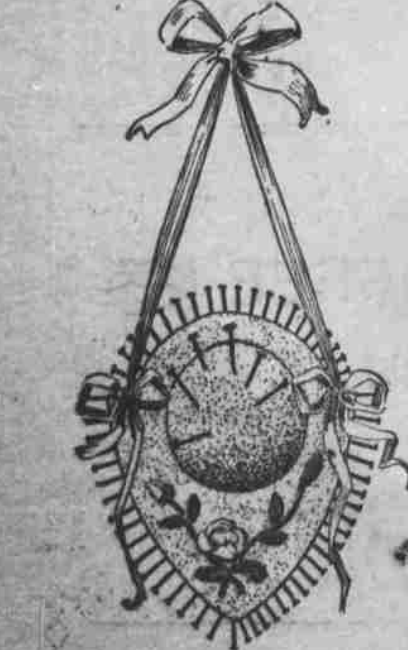

A BLOTTER COVER.

A very attractive little hanging pin-holder can be made of cardboard, decorated with a small piece of velvet. Cover with linen two pieces of cardboard 4 inches wide and 4 1/2 inches high, using the illustration to obtain the shape. One of the pieces of linen should be embroidered or painted with a little spray of flowers. Place the cards back to back and overcast them together all around the edge. Cut another piece of cardboard two inches in diameter and with bran or fine sand dust make a small pin cushion covered with muslin in the shape of a mushroom top. Cover the cushion with velvet and fasten it to the heart shaped cardboard pieces with glue. Stick pins all around the edge and finish the cushion with bows and a ribbon to hang it up. The center cushion may be used for scarfpins.

A bag to hold a pack of cards is an acceptable present for anybody who plays. To make one, cut a piece of cardboard the size of the end of a pack of cards, cover it with muslin and then with the material of which the bag is made.

Of the many materials that can be used a good quality of silk plush or French cretonne will prove very durable and satisfactory. Line the goods with china silk, and if of form the bag

neath it. The design will have the ap-
pearance of a number of violets held
down by a band of ribbon. Fasten this
upon a number of sheets of blotting
paper, with manuscript rivets at one
end, and finish with a violet ribbon
bow.

FOR MY LADY'S DRESSER.

Dainty Toilet Kit That May Be East-
erly Made.

A fancy candle holder is a pretty and
seful addition to a woman's dressing
table. The materials required are a 3
inch tin candlestick, two small rolls of
tape paper, a small sheet of plain tis-
sue paper and a yard or more of taily
ribbon. Have the candle shade of the
be paper used. Break off the little
projection from the tin candlestick
which stands out from the stalk of the
candle and also break off the handle
attached to the rim. Take a piece of
tape paper the length of the stalk plus
three inches and three inches wide.
Develop the stalk with it, leaving the
uphus paper to extend at the top.
le it firmly around the stalk just un-
derneath the drifter, then fold the pa-
per up over the drifter and press the
ensuing paper into the candle pit.
aste a narrow ruffle underneath the
drifter.

Next set the candlestick on a circle
f crape paper two inches wider than
the base of the rim. Fold this up over
nd paste securely, then cut a ruffle
bout 4 inches wide by 10 inches long

nd glue it to the rim about one inch
rom the base of the stalk. Make an-
other ruffle the same width, but not
quite so long. Gather this with a
reading of one inch or more, if desired.
Paste this around the base of the
stalk, and when the glue is perfectly
ry ruffle the edges of the paper by
nitting out the crinkles.

The tiny shade is made from a piece
f crape paper 4 1/2 inches wide by 18
inches long. Gather with an inch head-
band and tie securely to the groove in
the small brass frame. These frames
are manufactured for just this pur-
pose and cost a quarter. Ruffle the
edges of the shade and tie on a bunch
f small flowers with baby ribbon.

HOUSE WAGON AND HEALTH.

Trip of Three Thousand Miles Made
by the Farnsworth Family.

Here is a consumptive who has re-
covered his health in a new way. A
year ago when Mr. E. E. Farnsworth,
left Winfield, Kan., he could hardly
walk owing to his weakness and em-
aciation, whereas now he is the picture
of health, brown as an Indian and ap-
parently cured of all his ailments. As
a last resort, when he saw that the
disease was getting the better of him,
he decided to start off on a novel jour-

The New York Weekly Tribune gives
all the foreign, telegraphic and general
news of the week, and its story, agri-
cultural, home circle, humorous, mar-
ket, science and mechanics, sporting,
club, fashion and women's departments
make it an invaluable newspaper. The
ALAMOGORDO NEWS gives the home hap-
penings fully. Both papers should be
in the home of every person who desires
to keep well informed. Under a special
clubbing arrangement, the Tribune will
be given with The News at the old sub-
scription rate, \$1.50 per year, to paid-
in-advance subscribers.

There is more Catarrh in this section
of the country than all other diseases
put together, and until last few years
was supposed to be incurable. For a
great many years doctors pronounced it
a local disease, and prescribed local
remedies, and by constantly
failing to cure with local treatment,
pronounced it incurable. Science has
proven catarrh to be a constitutional
disease, and therefore requires consti-
tutional treatment. Hall's Catarrh Cure,
manufactured by F. J. Cheney & Co.,
Toledo, Ohio, is the only constitutional
cure on the market. It is taken inter-
nally in doses of 10 drops to a teaspoon-
ful. It acts directly on the blood and
mucous surfaces of the system. They
offer one hundred dollars for any case
it fails to cure. Send for circulars and
testimonials.

No one can reasonably hope for good
health unless his bowels move once each
day. When this is not attended to,
disorders of the stomach arise, bilious-
ness, headache, dyspepsia and piles soon
follow. If you wish to avoid these
ailments keep your bowels regular by
taking Chamberlain's Stomach and Liver
Pills when required. They are so
easy to take and mild and gentle in
effect. For sale by Warren & Co.

Can See a Joke.
Watts—Don't tell me an Englishman
has no sense of humor or can't see a
joke.

Potts—It is now up to you to prove it.
Watts—Well, I have told an English
acquaintance of mine the same joke
fourteen times and he likes it better
every time.

Among tens of thousands who have
used Chamberlain's Cough Remedy for
colds and grippe during the past few
years, to our knowledge, not a single
case has resulted in pneumonia. Thos.
Watfield & Co., 419 Wabash avenue,
Chicago, one of the east's prominent
retail druggists in that city, in speaking
of this, says: "We recommend Chamber-
lain's Cough Remedy for la grippe in
many cases, as it not only gives prompt
and complete recovery, but also coun-
teracts any tendency of la grippe to
result in pneumonia." For sale by

A Woman's Awful Peril.

"There is only one chance to save
your life and that is through an opera-
tion" were the startling words heard by
Mrs. J. B. Hunt of Lame Ridge, Wis.,
from her doctor after he had vainly
tried to cure her of a frightful case of
stomach trouble and yellow jaundice.
Gall stones had formed and she con-
stantly grew worse. Then she began to
use Electric Bitters which wholly cured
her. It's a wonderful Stomach, Liver
and Kidney remedy. Cures Dyspepsia,

ability as follows:

Board of Education,

Schiller Building,
Chicago, Feb. 21, 1906.

Mr. John H. Schofield is well and re-
spectedly known to me as the successful
director of a large shorthand college in
Providence, R. I. I consider him not
only one of the most expert shorthand
writers whom I have ever known, but
also an upright, honorable and perfect-
ly trustworthy gentleman.

Commenting on Mr. Schofield's ability
and character, President E. G. Robin-
son, of Brown University, Providence, R. I.,
I have known Mr. John H. Schofield
for years as stenographic reporter for

Mr. John H. Schofield, My Dear Sir—
It gives me much pleasure in saying a
timely word to bear witness to your
character as a man, and your ability
as a journalist and shorthand writer. I
hope and pray that your efforts, in
whatever channel you may choose to
direct them, will be rewarded with the
measure of success which your talents,
your energy and your accomplishments
must win. You are, however, too well
